California Statewide Treatment Education Program **CSTEP e-Network**

CSTEP is excited to announce our new CSTEP e-Network!

What is the CSTEP e- Network?

CSTEP e-Network is a new component of the California Statewide Treatment Education Program (CSTEP). It establishes English- and Spanish-language, web-based, peer learning and support environments for all CSTEP participants. CSTEP e-Network is monitored by the CSTEP Staff.

What can the CSTEP e-Network be used for?

- To announce HIV-related events and activities
- To ask peers HIV-related questions
- To share HIV treatment related information and updates
- To find out the latest information about CSTEP trainings

How can I join the CSTEP e-Network?

- If you want to join this group, go to :
<http://groups.google.com/group/cstep>
- Click the link : [Join this group](#)
- You can [Create an account now](#) using ANY email address, this address does not need to be a gmail account
- Also, if you want to send an email to this group:
cstep@googlegroups.com
